

## QUESTIONS AND ANSWERS

**Q**—A BIRD that there are more than four feet that will beat four feet. Does he want W. T. A. A. Jones. There are 22 hands that will beat four feet and only 24 that will beat four feet. Only straight flushes will beat four feet and there are 22 in which suits do not figure (the suit being held against the possible combinations). There are only 20 straight flushes that can be made without the use of the ten. Add to this number four sets of four that will beat four feet and the result is that you have only 24 hands that will beat four feet.

**Q**—What does the name "knappa-ron" mean? N. E. P. A. When Capt. Cook discovered Australia, he saw some natives on shore with a dead animal in their possession. He sent some sailors to buy it. When it was brought on board he saw that it was an animal with which he was entirely unfamiliar. He sent the sailors back to find out the name of the animal. The natives could not understand what they desired to know, so replied in the Australian language, "Knappa-ron," meaning in English, "I don't know."

## "MY BABY CRIED THE WHOLE NIGHT LONG," SAYS MRS. FREEMAN

Mrs. G. T. Freeman, who lives in Garden, Ala., writes: "I just want to tell you that my baby is eight months old and has two lower teeth. On June 5th I was up nearly all night. She was crying with her gums and on June 10th I bought a package of Teething. I have given her a dose every night since and have lost no more sleep. I will always recommend Teething."

Teething contains no narcotic. Its ingredients are printed on the package so that every mother may know just what Teething contains. If your druggist cannot supply you, send 30c to the Moffatt Laboratories, Columbus, Georgia, and you will receive a package of Teething, the tablet friend for more than half a century, together with a little booklet, "Baby," that will tell you many things about taking care of your baby.—Adv.

## AS A WOMAN THINKETH

By HELEN ROWLAND.

WHEN a woman thinks at the rate of 10 or 12 miles an hour, she is not a woman. But I'm not a woman. And, for years and years, I've been desperately trying and TRYING to learn how to swim. And, every summer, a different man has offered to "teach me." And, every summer a different man has offered to "teach me." I have LET HIM.

And, every time, the cheerful volunteer has grasped the back of my bathing-suit, and held me like a kitten, that the family didn't want. And said "New kick!" And I always kick, and go down head foremost.

And slither and choke and struggle and sink—and be "rescued." And find myself clinging fast to the man's neck! And I'd be saying MAD—Mad at myself, and at the water, and at the man, and above all, at everybody who dared to laugh!

And so, at last, I determined to go "ray off by myself, and simply SWIM—if it drowned me!"

And, little by little, my courage came, and I reached the point where I could paddle around with my feet on the ground, and was getting very contented about it.

## HOROSCOPE

Tuesday, September 7, 1920.

THIS should be a day fortunate for all who experience brains and their energies. According to astrology, Jupiter, Uranus and Mercury are all in benefic aspect.

Legal knowledge should be especially valuable during this time of the stars, and there is the forecast of great honors to lawyers, judges, and all who hold positions in which the judicial attitude of mind is imperative.

Since Mercury is in a place that augurs good fortune for all who belong to the newspaper business, it is to be expected that writers, publishers and editors will be successful. Both presidential candidates are subject to great encouragement during this position of the stars.

The sign declares that the national election will be surprisingly close, owing to the influence of the stars most powerful in guiding the opinions of women.

The end of the sign Libra rises at the moment of the equinox when the autumn quarter begins, and as the moon takes place in the second house in trine to the moon, financial conditions will improve as the quarter advances.

Mars in the fourth threatens forest fires that will do much damage in October.

Education comes under planetary influence that will stir up conflicting theories and result in practical reforms.

Changes in the faculties of many colleges are foretold and in one there will be some sort of a race problem that will have a diplomatic significance.

Holland now is threatened with political trouble.

**MRS. LUCY DOUCETTE**, of Manchester, N. H., who says she's just so happy over the way Tanlac restored her health she can't keep from telling people about it.

"I am just so happy over the way Tanlac has restored my health that I can't keep from telling people about it," said Mrs. Lucy Doucette, of 76 Stark street, Manchester, New Hampshire, a few days ago. "I suffered so long with chronic indigestion that I didn't know what it was to sit down and enjoy a single meal. My stomach was so badly disordered I had to live on the strictest diet, and nothing seemed to agree with me. At times my breath seemed to be cut off, and I would suffer terribly for hours at a time."

"I lost my strength completely and became so weak and run-down I would give out several times during the day and would have to stop and rest. I was extremely nervous and irritable, and just felt like I would break down completely."

"One day I saw a statement from a friend of mine who said Tanlac had helped her wonderfully, so I was convinced it was a dependable medicine and I began taking it immediately, and am now more than pleased at the splendid results. My appetite improved right from the first, and the horrible indigestion from which I suffered so long has entirely disappeared."

"I have now finished my fourth bottle and can eat just anything I wish without any bad after-effects. I sleep better and have more strength and energy. It is a pleasure to tell others what Tanlac has done for my case."

Tanlac is sold in El Paso by Cordell Drug Co., Successors to Kelly & Poland.—Adv.

## Fat Folks Read This Story

Recently, in the city of Chicago, a prominent man, burdened with excessive fat, went upon the operating table and had over sixty pounds of flesh carved from his huge, cumbersome body. Years ago the formula for fat reduction was "diet"—"exercise."

Today it is "Take Marmola Prescription Tablets." Friends tell friends—doctors tell their patients, until thousands know and use this convenient, harmless method. They eat what they like, live as they like, and still lose their two, three or four pounds of fat a week. Simple, effective, harmless Marmola Prescription Tablets are sold by all druggists—a good size box for one dollar. Or if you prefer you may write direct to the Marmola Company, 38 Garfield Building, Detroit, Mich.
